Market Opened Depressed in Sympathy With Stocks.

PRICES HARDENED PROMPTLY.

Were Frequent Reactions Whenever Speculative Support Was Withdrawn, and Closing Was Generally Below the Best.

(By Associated Press.)

NEW YORK, Jan. 25.—Prices traversed a considerable range to-day from the low level to the top level, covering one point for a large number of stocks and ranging from 2 to about 3½ for some of the most prominent and most active in the list. The number of stocks, which at any time got a point away from last night's level in either direction was small, however.

The early decline in prices was assisted by London's disposition to sell American stocks. The New York market opened depressed in sympathy, and weakness was rather acute in some cases, notably in St. Paul and Brooklyn Transit. These stocks later in the day led the advance, so that their extreme range was wide. St. Paul rising 3½ from the lowest and closing at the top, while Brooklyn Transit advanced an extreme 2½.

The decline invited some buying to support prices, and the market hardened promptly. There were frequent reactions during the day. Whenever speculative support was withdrawn, prices were inclined to slip back. The most notable movement of the day was that of the Southwesterns, which followed a show of immess for several days past in Kansas and Texas preferred. There was also very heavy absorption of the bonds of the St. Louis Southwestern Company and Missouri. Kansas and Texas Company this morning before the rise in these stocks was lnaugurated.

The advance in the group reached 3½ in the common and about 2 points each in the St. Louis Southwestern Stocks. Wabash preferred, Texas and Pacific. This rise apparently is attributable to published earnlines and romewed consolidation talk. The steel stocks show good net gains. Sugar also showed decided improvement. Northern Pacific railied 2½ after an early depression, and there were a number of less prominent railroads which showed good recoveries.

less prominent failroads which showed good recoveries.

The closing, however, was below the best, except in a few stocks, notably St. Paul and the Southwesterns. Brooklyn Transit was feverish all day, and broke sharply after a considerable advance when the list of directors was made to show the presence of Metropolitan Railway interests. The feature was the decline from the recent high level and the cline from the recent high level and the necessity for persistent manipulation to secure a movement of prices. This is the natural result of the large elimination of

ie speculative accounts from the market. The market has drifted during the week e and more into professional hands, preliminary figures of the week's ement of cash insure another gain to movement of cash insure another gain to be shown in to-morrow's bank statement, which will probably reach over \$1,000,000. The large demand for \$1, Louis Southwastern seconds was the incention of an active buying movement of bonds of all the Gould Southwesterns at notable advances in prices. The general market was firm, but quiet. Total sales, par value, \$5,925,000. United States 2's coupon advanced 5k per cent, on the last call.

Total sales of stocks to-day wre 630,400 shares.

NEW YORK, Jan. 25.—Tightness in the January position, due to nervous demand from shorts, rather than to any extra effort on the part of the bulls, was easily the feature of to-day's developments on the Cotton Exchange. At best speculation was very small and quite of a professional turn. There was not much in the way of news, and not until the January deal began to work itself out was there any important changes in values. On the call the opening was heavy with prices unchanged to 3 points lower. Covering soon restored the entire list to last night's basis. The current month shorts were made extremely unasy by talk of a small "in sight" for the week and higher prices in Southern markets. A turn to cover was soon decided upon, and for the rest of the afternoon buying by January shorts was the feature of the business done.

From outward appearance January From outward appearance January longs made no effort to place their opponents at a disadvantage. Ten cents was soon reached and later 10:10. This advance caused the rest of the list to improve sharply. A few moderate buying orders from the South and an advance of ¼ in spot cotton has helped the market. At times the market was steady with prices 3 to 9 points higher, with the exception of February, which was nominally 4 points net lower.

NEWS OF THE RAILROAD.

Heavy Shipment of Coal for Export. Other Items of Interest. Large consignments of coal are being

taken to Newport News for export. The strike there was practically off Thursday, but, with the exception of temporary delay, the Chesapeake and Ohio coal traffic was not interfered with. The storm and high winds at Newport News yesterday interfered to some extent with the work of dumping and lading, but not seriously. The average amount of coal now being received daily at the Atlantic terminal of the Chesapeake and Ohio Railway is about ten thousand tons. The following is a comparative state-ment of gross earnings of the Cheaspeake and Ohio Railway for the third week of January:

1901, \$278,732.59; increase, \$25,752.07. For

BIG EXTRACT WORKS.

Buena Vista Secures Prize Over Other Towns-Wild Animal Skins. (Special Dispatch to The Times.)

LEXINGTON, VA., Jan. 25.-The Blue Ridge Tanning Company, of Euena Vista, Messrs. Leas & McVitty, proprietors, have purchased eighteen acres of land at Buena Vista and will erect thereon buildings for their extract works. Seve-ral towns were anxious for the enter-prise, but the superior advantage of loprise, out the superior advantage of lo-cation, as well as the liberal support of the town and business men of Buena Vista, gained the victory. The output will be the extracting of tannic acid from chestnut wood. About seventy-five hands will be appropriated. hands will be employed.

Mr. Charles E. Deaver, of this place, dealer in hides of wild animals, has shipped to the Northern markets this season 4 wild-cat skins, 4 bear, 1 deer, 12 mink, 35 gray fox, 13 red fox, 4 civet-cat, 118 o'possum, 54 muskrat, 257 rabbit, 356 skunk, 259 coon and 6 domestic cat. These skins are tanned and used as fura for trimmings of ladies' wear. Rev. A. P. Boude, of this place, has

lost three valuable horses under strange circumstances. A veterinary surgeon ex-amined the animals and pronounced the disease indigestion. It is supposed by some, however, that feeding on silo is the cause of death.

Major Barrington K. West, who has been promoted to major in the regular army and assigned to due in the Philippines with headquarters at Manila, is well known in Lexinston, where his fami-ly is now living. He will have charge of the depot of supplies. Mr. Vernon E. Funkhouser, of Lexington, will be his clerk.
